

# *Assured Memorial Services Inc.*

Residents in British Columbia, Alberta, Ontario, Yukon, Northwest Territories, Nova Scotia and Prince Edward Island are supported by provincial legislation to purchase funeral products from a third-party supplier(s). A family planning a commemorative event for their loved one can then arrange through their supplier(s) to have these products delivered to their funeral home of choice for use at their commemorative event.

We here at Assured Memorial Services Inc. offer genuine care, compassion and professional service to every family we serve. We are a wholesale supply company. We provide high quality goods and services at substantial savings compared to what a family may be asked to spend at a funeral home or other provider.

Sincerely,

Keith Gillespie

CEO

Assured Memorial Services Inc.
